Education

DUAL WEB FULL-STACK

Kaicen Formación
11/2023 - 11/2024

CERTIFICATE IN SYSTEMS MANAGEMENT

Kaicen Formación
2022 - 2023

SECONDARY EDUCATION – SCIENCE TRACK

IES S'Arenal
2020 - 2022

Experience

WEB CONSULTANT

11/2023 - 11/2024
Illadocs, Gladtolink

- Delivered fullstack B2B applications for healthcare and retail clients.
- Translated business needs into scalable tech solutions as technical liaison.
- Backend development with Express.js and MongoDB.
- Agile leadership in sprint planning and retrospectives.
- CI/CD implementation using GitHub Actions and Docker.

FULLSTACK DEVELOPER

11/2024 - Present
Anysolution

- Refactored public endpoints into Next.js 14 Server Actions, optimizing SSR and performance.
- Built dynamic forms with full-stack validation and nested parent-child routing.
- Used TailwindCSS and RadixUI to develop modular and scalable UI components.
- Led full Docker-based deployment: Next.js, Keycloak, MongoDB RS.
- Integrated Prisma ORM, reducing reliance on raw queries and improving maintainability.
- Mentored two interns in DevOps, Docker, and deployment best practices.

Skills

Programming Languages

- JavaScript, TypeScript, Python

Frameworks & Libraries

- Next.js, React, NestJS, Express.js, Redux

Databases

- **SQL:** PostgreSQL, MySQL
- **No SQL:** MongoDB, Redis, Neo4j

Testing & QA

- Selenium

Infrastructure & DevOps

- Node.js, Nginx, Docker, CI/CD (GitHub Actions)

Architecture & Scalability

- Microservices, APIs REST/GraphQL, WebSockets

Agile Methodologies

- Scrum, Kanban

Languages

Spanish (native)

English – Upper Intermediate (B2)

Capabilities

- Proven ability to deliver production-grade fullstack systems from concept to deployment.
- Experience working in high-performing Agile teams, delivering features iteratively and on time.
- Focused on clean code practices, scalability, and developer-friendly documentation.
- Skilled in technical decision-making, contributing to architecture discussions and tool selection.
- Passionate about mentoring junior developers and fostering a culture of code quality and innovation.

Personal Aspirations

I'm passionate about building robust, user-centric frontend applications that scale. I seek to contribute to impactful products where clean code, collaboration, and continuous improvement are core values. I'm eager to grow within high-performance teams and take part in initiatives that enhance code quality, mentoring, and architectural clarity.
